The earthquake was widely felt in western Nepal and was the deadliest since 2015. The epicenter was estimated to be in Ramidanda, in Jajarkot District. 101 deaths occurred in Jajarkot District while 52 deaths occurred in Western Rukum District. Activities

1. 6/11/2023: SEBS Excomm. Meeting Regarding Earthquake Response

An emergency SEBS executive committee meeting was held on the 6th November, 2023 under the Chairmanship of the Vice President Gokul Ghimire Sharma to discuss on the immediate relief efforts SEBS could make to help the victims of Jajarkot and made immediate decisions regarding the earthquakes that have affected regions of Jajarkot and West Rukum districts. The primary concern of the meeting was to seek for safety and well-being of its community members and the society.

The following steps were taken in response to the natural disaster.

1.1 The meeting decided to form a three-member Earthquake Relief Fund Sub-Committee under the convener 316A Umesh Shrestha and appointed 597B Umang Sharma and 705B Ram Bishowkarma as the member of the fund raising committee.

1.2 The meeting also planned on providing relief assistance to those people affected by the earthquakes in Jajarkot and West Rukum districts. The meeting also planned on providing relief assistance to those affected by the earthquakes in Jajarkot and West Rukum districts. A heartfelt request was made to all the SEBS members to contribute for the fund raising to support relief efforts. An existing Account No. 01906018790044, Himalayan Bank Limited, Thamel, was circulated among the SEBSers to all the domestic and foreign donations for contribution.

An update on Earthquake fund and action was made in the regular SEBS Ex-comm meeting on 25th November. The committee was informed that currently an amount of 1,75,000 was deposited in the Earthquake fund.

3. 30/11/2023: Open Meeting: Earthquake Relief Sub-committee

The open meeting was held on November 30, 2023, at the SEBS Office in Golfutar, focusing on the Earthquake Relief Project aiming at supporting victims in affected areas. During the meeting, discussions were made on various plans and strategies for the next phase of the relief efforts and evaluated the current situation in the affected area. To gain valuable insights, SEBS members in Jajarkot, Surkhet, and Nepalgunj

were reached out through telephone calls, messages and individual connections were made who had experience in similar projects.

The meeting extended heartfelt gratitude to everyone who dedicated their time and supported to provide crucial information of the ground reality of the earthquake affected area. The meeting announced that 807C Nirajan Shahi had been appointed as the focal point for the project who stationed close by the affected area.

Considering the funds collected and the live conditions on the ground, the participants of the meeting tentatively decided to focus on distributing CGI Sheet or warm clothes in the affected area, which was the most feasible option at that time. Due to resource constraints and input from individuals on-site, the initial priority was given to the most affected area i.e. Jajarkot. SEBS Ex-comm was in the verge of finalizing the date for the visit and remain committed to keeping everyone informed of the progress throughout the endeavor.

Convener Umesh Shrestha expressed his immense gratitude to all the contributions for their generous and meaningful impact in the lives of the effected people.

The team was in the process of collecting quotations from reputable quilt distributors for the procurement of the items.

Additionally, the team had identified Barekot Rural Municipality, specifically Ward No. 1 – Ramidanda and Ward No. 2 – Rokaygaau, as these areas had received limited attention from donors. To address this gap, the team had decided to allocate relief materials to these locations.

In order to prioritize distribution effectively, the following order had been observed:
